A Report on

Student Feedback on

Curriculum & Teaching-Learning Aspect

Session: 2019-20

Submitted By-
Sri Sumit Dey
Assistant Professor
Department Of Economics

1.1 Introduction

In its endeavor to ensure quality teaching and effective curriculum delivery in the institution, B.N College, Dhubri collects annual feedback from the final semester students. The feedback for the session 2019-20 has been collected from batch, 2017-2020.

1.2 Objective of taking Feedback

Improved Teaching, Improved Learning. Feedback is an essential part of teaching learning and curriculum delivery process of an institution. It helps learners to maximise their potential at different stages of learning, raise their awareness of strengths and areas for improvement, and identify actions to be taken to improve performance. This is an important where teacher can improve his/her teaching process that will ultimately benefit the student. The feedback from different stakeholder, help the institute to understand the need of society and what other stakeholder expect from the institution.

1.3 Process of Collecting Feedback.

For the session 2019-20, the college has introduced an online feedback system to ensure greater transparency in the feedback collection process. Accordingly, the final semester students were asked to submit their feedback by logging into the online portal. The link of the feedback portal is pasted below-

1.4 Data:

The data of the feedback report represents the responses given by the students. A total of 276 students have submitted their feedback for the

session 2019-20. The responses were collected through five point Likert scale

1.5 Data Analysis tools

The collected data are mainly ordinal in nature, henceforth Pie-chart and bar diagram have been used to visualize the data.
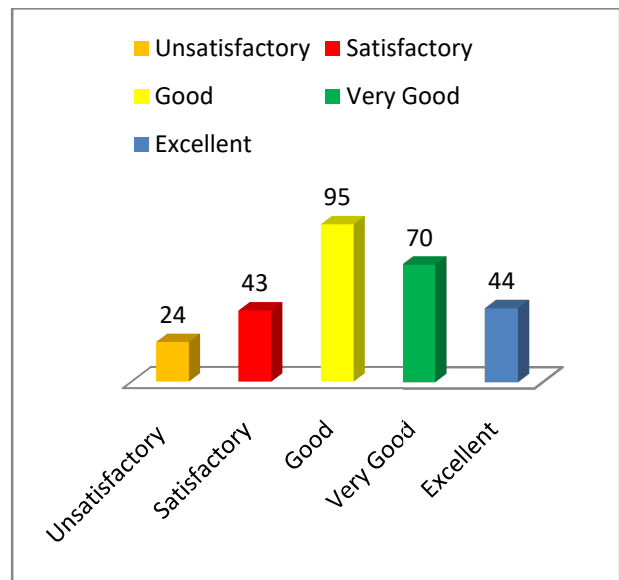

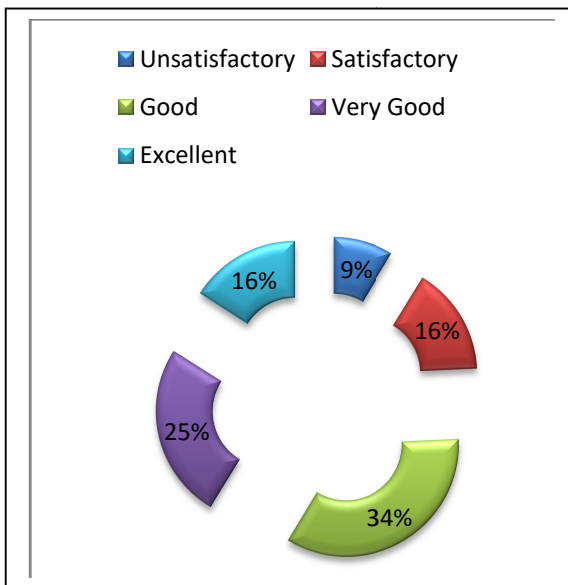

1.6 Feedback Analysis for the Session: 2019-20

The feedback analysis report for the session 2019-20 consists two parts,
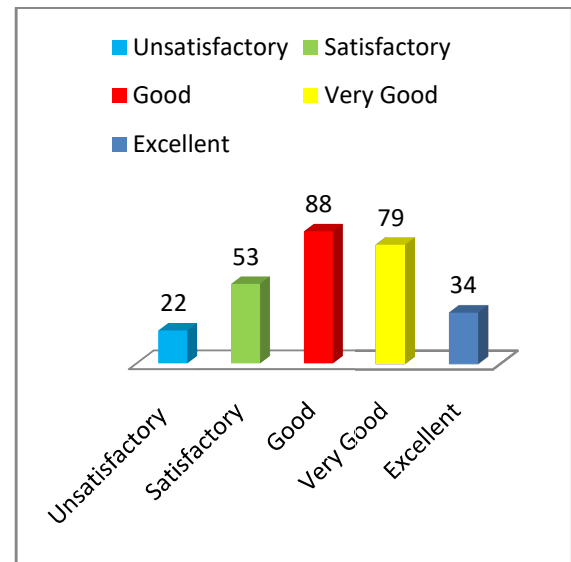

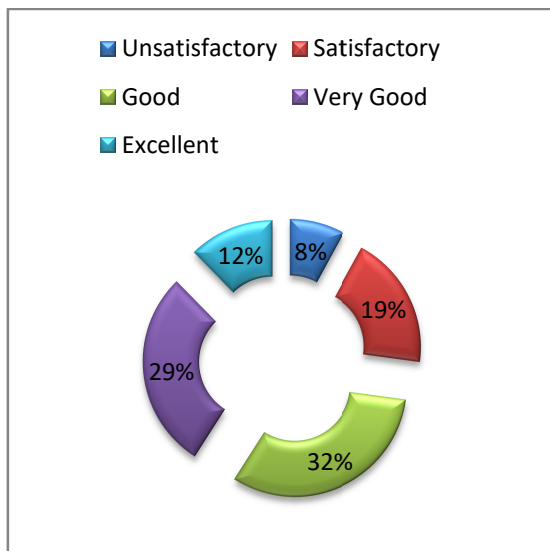

a) Curriculum Aspect   b)Teaching learning Aspect.

a) Feedback on Curriculum Aspect:

The feedback on curriculum aspect has been collected on the following parameters
