Course objectives:

Every classroom is endowed with diverse environments. Addressing this diversity is crucial for enhancing the best of teaching-learning and getting the best out of it. For every teacher, the most challenging task is to grab a student’s attention and convey the message in an effective way. Their prime motive is to make sure that the ideas are thoroughly explained to the students. They aim to impart each lesson in such a way that it creates a lasting impression on their minds. Another important aspect that concerns teachers is how to continuously hold the attention of the student throughout a classroom session. Making the teaching–learning process an interesting, engaging and worthwhile experience is also of prime importance for the teachers.

Keeping this in mind, the IQAC of B. N. College organised a live Webinar on ‘**Classroom Delivery Enhancement Technique**’ in collaboration with Skilfinity, Guwahati. The programme was aimed at to encourage and motivate the newly appointed faculty members of the college in their classroom teaching.

Motive/Objective of the Training

During these 6 hours (2 hours each day), the resource person discussed various techniques and Skills for effective delivery mechanism in classrooms. He gave insight into topics like – how lessons are being taught for maximum outcome for the students, incorporating creativity in classroom, need of using Audio–Visual teaching aid, brainstorming, stepping outside of the classroom, role play, welcoming new ideas, importance of effective listening, 7 C’s of Effective communication etc.

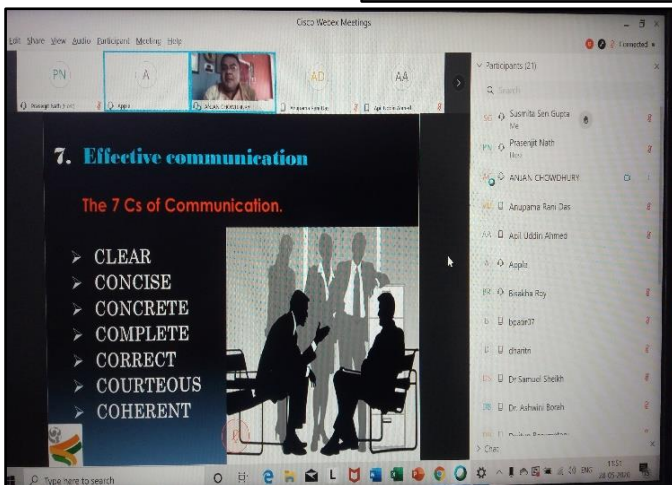

Course Outcome

- Better personified teachers would evolve.
- Better classroom decorum would be initiated.
- Healthy student-teacher relationship can be envisaged.
- More than results, pedagogy of comprehensive delivery methodologies would be initiated.
