Beneficiary Number: 67

On 5th January, 2021 an orientation programme was organized by the Department of Botany in collaboration with IQAC, B. N. College, Dhubri at Digital class room on “Scientific Article Reading: An approach of self-improvement for undergraduate students”. The programme was presided by Vice Principal, B. N. College, Dhubri and the same was attended by 1st, 3rd and 5th semester Major students along with coordinator, IQAC and teachers of Botany department. In this programme different aspects of scientific articles including research question and research methodologies has been discussed. The programme was a successful one as the reading of research papers will provide insights to students in understanding the definitions of scientific terms, explanations of methodologies, findings of referenced research, and justifications for the conclusions.
