

State Level Workshop on ‘Choice Based Credit System in Undergraduate Course

Date: 07/09/2019

IQAC, B. N. College, Dhubri and ACTA, Zone-16, Dhubri jointly organized a State Level Workshop on **Choice Based Credit System in Undergraduate Course on 07/09/2019**. Prof. Abu Nissar Ahmed Baruah of Department of Economics, Gauhati University and Dr. Anupam Dutta, Academic Secretary, ACTA, Assam acted as the resource persons. Dr. Baruah discussed the detail regulations of CBCS. He mentioned that, the Choice Based Credit System is the logical next step in a credit based semester system becoming more learner-centric. A CBCS offers the student a diversity of courses to choose from and the autonomy to decide on the place, pace and time of learning. Dr. Dutta stated that the colleges might face some problems, particularly in terms of infrastructural facilities for smooth running of the courses under CBCS and each college has to plan its own to face this challenge. The programme was attended by 129 faculty members (53 from B N College, Dhubri).

Resource persons, Principal, and other guests of the workshop
