**A brief write up on the programme:** An online Jalsa(Jam) session was held on the 6<sup>th</sup> of June, 2021 through Google Meet.. It was organized jointly by Dance Club and Music Club. Since it was open to all many students and some teachers too joined the programme and participated. Some sang songs and some played musical instruments like harmonium and gongona. The acts of singing came in a variety of genres, languages and themes. Some sang traditional songs and some sang their self-composed songs on the present pandemic situation.

The programme was seen as a break from the daily clutches of everyday routine where the participants could express themselves in any way which they like. This Jalsa session was a success and there was a demand from the participants that more of such sessions were to be conducted in the future.
