

Report on “Basic Concept of Physics with Demo”

1. Name of the Programme : *Basic Concept of Physics with Demo*
2. Date : 27/02/2021
3. Organized by : Dept. of Physics, B N College, Dhubri
4. Name of Resource persons : Rafiul Karim Mollah
Assistant Professor
Dept. of Physics,
B N College,
Assam 783324
5. Number of participants/students : 55 (Teacher: 05, Student: 50)
6. A brief writes up of the programme: -

Physics is a natural science that involves the study of matter and its motion through space and time, along with related concepts such as energy and force. The matter is generally considered to be anything that has mass and volume. Physics uses the scientific method to help uncover the basic principles governing light and matter, and to discover the implications of those laws. With this motive some working model such as Emergency light based on LDR, Clap Switch that controls any electric device by sound energy, Arduino base robots base on Ultrasonic wave sensors. etc were demonstrated. Students enjoyed the models with a clear concept of light and sound energy.

The programme was inaugurated by honorable Head Master of Aradhana Academy, Mr Dijendra Kr. Bhattacharjya. Dr. Hiten Sharma HOD, Physics, B.N.College, Dhubri, introduced the resource person with brief description of the programme.

The Programme was concluded with a lively interaction with the resource person. At the end, the vote of thanks was offered by Mr Mahmadul Hassan

Few Snapshots of the Programme

AWARENESS PROGRAMME
on
Basic Concepts of Physics with Demo
Organised by -
Department of Physics
B.N. College, Dhubri, Assam
Venue- Aradhana Academy, Dhubri
Date : 27th February, 2021 at Time : 1 pm
