Nanotechnology and Nanoscience has immersed as a very exciting and important domain of science in the last couple of years. A lots of opportunity are waiting for the students to carry out their higher studies and researches in this field. The advantage of the subject is that it is a multidisciplinary subject, where students and scholars from Physics, Chemistry, Life Science etc. get chance to build their career. Keeping this fact in our mind the department of Physics organised a popular talk on “Nanotechnology”. The motto of the talk is to aware the students and faculties of participating departments (Chemistry, Zoology and Botany) about the recent discoveries as well as the applicability in different subjects of science namely Physics, Chemistry, Life Science etc.

On 19/08/2019 the talk was held at college auditorium from 11.00 A. M. The programme was started by an introductory speech delivered by Dr. Hiten Sarma, H. O. D, Physics, B. N. College, Dhubri. Dr. Nirab Chandra Adhikary, IASST, paschim Boragaon, (An autonomous institute of Department of Science and Technnology) was present as speaker for the occasion. In his talk he mentioned different applicability and avenues of the topic. The talk was ended at 12.30 noon followed by an interaction session with the audience. The session was very informative and interactive. At 1.45 P. M. the programme was concluded with the vote of thanks offered by Dr. Nandita Pradhani, Associate professor, deptatment of Physics of the college. It is important to mention that the programme was carried out with the financial help of DBT under star college scheme. We appreciate the help that obtained from Dr. Dhruva Charkraborty, Principal and Dr. Sushmita Sen Gupta, co-ordinator, DBT star college programme to carry out the popular talk.
