

A report on

**“ Tour to Research Institute: IASST Boragaon,
Assam”**

Organised by

**Department of Physics,
B. N. College, Dhubri**

(With financial support of D.B.T star college scheme)

Name of the program: “ Tour to Research Institute: IASST Boragaon, Assam”

Target group: Last sem Major student of Physics.

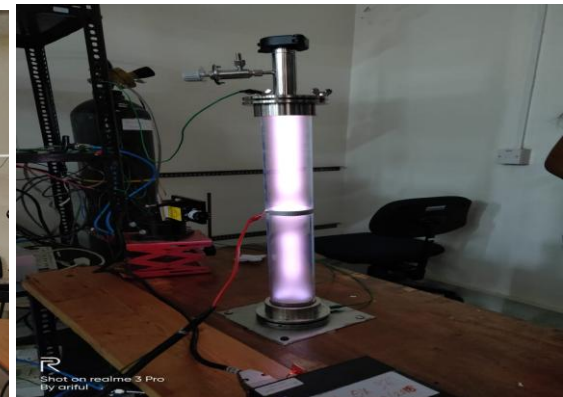

Date: 25/09/2019

Venue: IASST Boragaon, Assam

Guide Teacher: 1. Mr. Edal Hussain, Assistant Professor
2. Mr. Nilam Jyoti Dutta, Assistant Professor
3. Mr. Dipankar Borah, Assistant Professor

Student present: 26

Development and advance of a nation is very much dependent on the Research and Development (R&D) activities of the country. The present scenario of R&D activities of our country India is not in a up to the mark situation. We should focuses more on the above said field to transform our India from developing to a developed country. Hence, more effort should be given to motivate the young students of the country toward the research field. In connection to that the department of the Physics B. N. College, Dhubri has organised an event to visit the research laboratory, Institute of Advanced Study in Science and Technology (IASST- An autonomous R&D institute of DST, Govt of India), Boragaon, Guwahati, Assam, one of the North East prominent research hub. The visit was carried out on 25/09/2019 with the financial support received from DBT star college scheme. The fifth semester Physics Major students (26 present on that day) of the college were guided by three teachers from the department on that visit.

On the day, at 5.45 A M the journey was started from the college campus and reached the institute (IASST) at 11.30 A. M. The whole team was guided by Dr. T. D. Goswami, Assistant Librarian and Centre In-Charge Knowledge Resource centre, IASST. All the members of the team were then taken to the auditorium of the institute where they have shown two documentaries on campus of the institute and different work that is carried out (in Laboratories) in the institute, respectively. After that Dr Goswami arranged a physical tour to the institute campus.

After lunch of the group the next session of the visit that is visit to the different laboratories and central instrumental facility (CIF) centre was started. In the session the team visit different laboratories and facilities of Physical Science, Life Science, Biotechnology, Nano Science and CIF. The student had a very good interactive session with different scientist and scholars during the visit. At last, after visiting the laboratories and CIF the team gather in the auditorium and has submitted one feedback form that supplied by the institute. At 5.15 P. M the team started its return journey to B. N. College, Dhubri.
