Lecture programme on Best Practice in Higher Education

A lecture programme on Best Practise in Higher education was organised by IQAC in the college on 07/12/2019. Prof. Hari Prasad Sarma, Head of the department, Environmental Science & Former Rector, Gauhati University acted as the resource person of the programme. Dr. Dhruva Chakrabortty, Principal, B N College inaugurated the programme. Dr. Sarma narrated that the NAAC charged with the responsibility to serve the quality cause of higher education. A practice qualifies to a 'best practice' status if it resulted in high-value impact on any aspect of educational activity in an institution. It is different from 'standard practice' in that it is value-added standard practice. The Best practices are those which add commendable value to an institution and its various stakeholders. However, they depend on many variables. What might be considered as 'best practices' are limited in a number of ways. What we consider to be the 'best' educational practice depends on our own limited knowledge, perspectives, contexts, interests and values. In addition, best practices' are contingent and context dependent. He also discussed various activities which may be adopted as best practices. The programme ended with vote of thanks offered by Dr. Susmita Sen Gupta, Coordinator, IQAC, B N College.

Dr. Dhruva Chakrabortty, principal, B N College inaugurated the programme
