

GUIDELINES OF THE RESEARCH COMMITTEE

B. N. COLLEGE, DHUBRI (ASSAM)

1. The Research and Publication Cell will promote research culture among the students and the faculty members of the college. The Cell will motivate the faculty members to take up research initiatives useful to the society.
2. The proposals for Minor and Major research projects be submitted to the different funding agencies through the Research Committee of the college.
3. The Research Committee will monitor the progress of the project work/Research work and see whether the equipment are properly maintained.
4. Books, journals, equipment, etc., procured under a research project scheme be deposited to the Central Library of the college after the term of the project is over. All the equipment must bear on it the name of the project and funding agency under which the equipment have been purchased.
5. The Research and Publication Cell will organise lecture programmes, workshops, seminars, etc., for the students as well as teaching staff. The Cell will also organise workshops on Intellectual Property Rights (IPR), Industry-Academia innovative Practices to enlighten the students as well as the faculties to protect their intellectual properties. It may also organize workshops on 'Skills of Project Writing', 'Funding Agencies & Grants released by them' etc., for encouraging faculty members in writing project proposals. It will extend all possible help to the faculty members in writing the project proposals, if so desired by them.
6. The Research Committee will organize orientation classes on Research Methodology from time to time for the Degree Sixth Semester students for their exposure and motivation in pursuing research and higher studies.
7. The Research and Publication Cell will encourage the faculties for publishing research papers in various national and international research journals prescribed in the UGC-CARE list.
8. The Research and Publication Cell will take the initiative to publish the books written by faculty members as well as others to promote research culture in the college.
9. The Research and Publication Cell will motivate and facilitate various Departments to submit Seminar proposals to the UGC and other funding agencies for organising

National and International Seminars in the college. It will also encourage the faculties to participate in the Seminars and workshops organised by various institutions.

10. The Cell will encourage and monitor the Departmental Seminars, interdepartmental research activities of the college from time to time.
11. The Research and Publication Cell will promote research culture by organising in-house Faculty Seminars every month.
12. The Cell will take the initiative to compile the research publications of the faculties and preserve those for the students and researchers.
13. The Cell will create awareness among the researchers to maintain the integrity of research through various code of conduct needed to be followed to check plagiarism.
14. The Research and Publication Cell will take initiatives to exchange knowledge through various extension activities.
